DROP

DESIGN BY ANDERSSSEN & VOLL

Multi-coloured DROP is a playful complement to FEBRIK's collection. The pattern shows the surprising effect of creating different perceptions on the eye as a result of the way the textile reflects rays of lights from different directions. DROP is composed of a variety of tasteful colours where light and dark hues alternate creating a balanced colour scheme, but simultaneously show a lively character.

FEBRIK is a new Dutch brand of interior textiles founded by Renee Merckx and Jos Pelders. Beginning life with a collection of knits, the ambition of FEBRIK is to show the world a next generation of textiles by re-exploring existing techniques. In house development and production assures the highest standard of craftsmanship and quality. Whether part of the collection or a customized design, each textile is distinctive by its sophisticated look, tactile appeal and performance. As the textiles stretch by nature it allows designers to create products and spaces in new ways.
